

THE MORTGAGE GROUP
THINK OUTSIDE THE BRANCH®

January 2017

Ron. Thank you for your inspiring keynote address at our recent TMG Summit Conference in Cancun Mexico.

This event is immensely important to TMG as it allows us an opportunity to support the wonderful achievements of the individuals within our company. Your presentation was a terrific way for us to start our conference and a new year. It reminded our people of the very important principals of success weaved with your interesting stories and experiences throughout.

More than anything though we appreciated the time you spent planning and interviewing us to get to know our people, our business and our culture so that your message was delivered in a meaningful and relevant way.

And the results surely hit the mark as evidenced when our attendees were all standing to salute your presentation at the end.

Thanks again,

Mark Kerzner
President & CEO, TMG The Mortgage Group
